# Arcus

Idseating.com

Židle, která by mohla jen tak stát v rohu kanceláře a stejně by přitahovala pozornost. Jakmile se do ní ale posadíte, poznáte novou úroveň pohodlí.

**A chair that could just stand in the corner of the office and still attract attention. That is Arcus. But once you sit down in it, you'll discover a new dimension of comfort.**
